SUMMER LIBRARY PROGRAM SPECIAL EDITION

We have been working hard since February to plan some amazing Summer Library Program activities for YOU!

We are so happy to share what we have planned!

Kids Programming

BY ALLYSON MAKEPEACE
YOUTH SERVICES COORDINATOR

We are so excited to be able to provide SO MUCH MORE than we ever have before. We've been working so hard these last few months to ensure that our community will get the most out of the Summer Library Program this year. We can't wait to present EIGHT water-themed weeks (two months) of programming, and to have expanded programming to include: Pre-K Story Time, Totally Cool Kids Club (8-12 y/o), Family Nights, and programming for ALL age groups and abilities.

No matter who you are, we hope to be able to provide something interesting AND accessible to you! I personally can't wait to go on a treasure hunt through the park, and have boat races down the creek; but mostly, I love the looks on the faces of kids when they discover something new, or find that they are capable of something they once doubted about themselves! I hope to be able to provide plenty of that in an encouraging, inclusive, creative, and uplifting environment.

Teen Programming

BY DANIELLE TCHOLAKIAN
TEEN SERVICES COORDINATOR

The Teen Summer Library Program this year is encouraging creative engagement with the world around us, and documenting what we see, feel and experience through journaling, making homemade magazines and writing reviews. I'm especially excited

about our two field trips to Rochester and to Seneca Lake, and the Summer Review Crew, which encourages submitting reviews of anything teens engage with, whether books, movies, tv shows, web comics, video games and even national parks or museums visited on family summer vacations. We've got awesome raffle prizes and tons of different ways to win raffle tickets before the summer ends!

PATHWAY OF RESISTANCE: THE ERIE CANAL AND THE UNDERGROUND RAILROAD

THURSDAY AUGUST 25TH @ 6PM
REGISTRATION RECOMMENDED

This constantly evolving talk examines the experience of African-Americans along the Erie Canal Corridor, with a particular focus on the struggle for abolition. While parts of this story are unpleasant, slavery, racism, and resistance are critical to understanding our society today.

Accessibility and Expansion Project Update

BY KENDYL LITWILLER-SUTHERBY
LIBRARY DIRECTOR

A lot has been happening during the past month! It has been a great learning experience for our team of Library Trustees and myself as we work our way through this project. We are so excited to make this building more accessible to all of our community members. These next few months are going to be pretty big for us. Here is our current projected timeline:

June: The project is open for bid.

July 19th: Bids for the project are due by 2pm at Naples Library.

End of July: Contractors for the project are chosen.

September-October: Break ground

October 2022-May 2023: Construction

Stay tuned for a special public event we will be hosting in early September where we will discuss project details, impact and have Q & A. Our plan is to keep our library as open as possible during the construction phase, but you can expect some differences in hours and possible closures when the work being done would make the building unsafe for patrons and staff. We will have those details soon. And don't forget, if you have any questions in regards to this project, don't hesitate to reach out!

Kindly,
Kendyl
